HAMMAM

Inspired by ancient traditions of body renewal and cleansing, our hammam rituals transform body care to a sacred experience. The vapor, the deep exfoliation and the natural minerals work together to purify and detoxify accumulated persistent impurities. It's a moment of cleansing, balancing and renewing that transcends the physical.

ESSENCIAL HAMMAM

A ritual of cleansing inspired by the ancient steam-bath tradition. The experience starts in a steam room that opens up the pores and prepares the skin to the upcoming treatments. To continue, a traditional black soap is applied and afterwards a profound exfoliation with kessa gloves is followed. The treatment ends with the massaging of natural oils into the skin to ensure that the freshly exfoliated skin is moisturized and hydrated. This treatment eliminates impurities, renews the skin and leaves a refreshed light-weight skin sensation.

TIME: 30 - 40 Minutes **90€**

ROYAL HAMMAM

An exclusive purifying experience inspired by the ancient rituals of well-being. The treatment starts in a steam room that opens up the pores and prepares the skin for a deep cleansing. To continue, a traditional black soap is applied and afterwards a profound exfoliation with kessa gloves. To follow, the body is covered with notorious mineral clay to further detoxify the body. The treatment ends with the massaging of natural oils into the skin to ensure that the freshly exfoliated skin is moisturized and hydrated. This ritual not only renews the skin but also promotes a deep state of relaxation and inner balance. Transforming body care to a sensorial and spiritual experience.

TIME: 50 Minutes **120€**
